

First Hawaiian, Inc. 4th QUARTER 2020 EARNINGS CALL

January 22, 2021

FORWARD-LOOKING STATEMENTS

This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements reflect our current views with respect to, among other things, future events and our financial performance. These statements are often, but not always, made through the use of words or phrases such as "may", "might", "should", "could", "predict", "potential", "believe", "expect", "continue", "will", "anticipate", "seek", "estimate", "intend", "plan", "projection", "would", "annualized" and "outlook", or the negative version of those words or other comparable words or phrases of a future or forward-looking nature. These forward-looking statements are not historical facts, and are based on current expectations, estimates and projections about our industry, management's beliefs and certain assumptions made by management, many of which, by their nature, are inherently uncertain and beyond our control. Accordingly, we caution you that any such forward-looking statements are not guarantees of future performance and are subject to risks, assumptions, estimates and uncertainties that are difficult to predict. Further, statements about the potential effects of the COVID-19 pandemic on our businesses and financial results and conditions may constitute forward-looking statements and are subject to the risk that the actual effects may differ, possibly materially, from what is reflected in those forward-looking statements due to factors and future developments that are uncertain, unpredictable and in many cases beyond our control, including the scope and duration of the pandemic, actions taken by governmental authorities in response to the pandemic, and the direct and indirect impact of the pandemic on our customers, third parties and us. Although we believe that the expectations reflected in these forward-looking statements are reasonable as of the date made, there can be no assurance that actual results will not prove to be materially different from the results expressed or implied by the forward-looking statements. A number of important factors could cause actual results or performance to differ materially from the forward-looking statements, including (without limitation) the risks and uncertainties associated with the ongoing impacts of COVID-19, the domestic and global economic environment and capital market conditions and other risk factors. For a discussion of some of these risks and important factors that could affect our future results and financial condition, see our U.S. Securities and Exchange Commission ("SEC") filings, including, but not limited to, our Annual Report on Form 10-K for the year ended December 31, 2019 and our Quarterly Report on Form 10-Q for the quarters ended March 31, 2020, June 30, 2020 and September 30, 2020.

Increases in net interest income and noninterest income

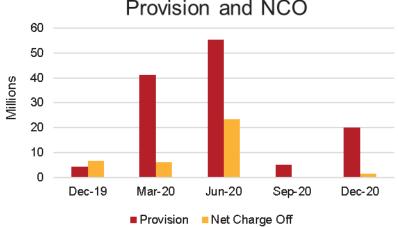

| | Q4 2020 | Q3 2020 |
|---|---------------------------|---------------------------|
| Net Income (\$mm) | \$61.7 | \$65.1 |
| Diluted EPS | \$0.47 | \$0.50 |
| Net Interest Margin | 2.71% | 2.70% |
| Efficiency Ratio | 46.6% | 50.0% |
| ROA / ROATA ² | 1.09%/1.14% | 1.16% / 1.21% |
| ROE / ROATCE ² | 8.99%/14.14% | 9.58% / 15.16% |
| Tier 1 Leverage Ratio CET 1 Capital Ratio Total Capital ratio | 8.00% 12.47% 13.72% | 7.91% 12.22% 13.47% |
| Dividend ³ | \$0.26 / share | \$0.26 / share |

- Lower noninterest expenses
 1 bp increase in NIM
 - · Slight increase in net interest income
 - 9.6% increase in noninterest income
 - 3.8% decrease in noninterest expenses
 - \$119 mm PPP loans forgiven/paid down
 - Improved deposit mix, 2 bp decrease in cost of deposits
 - Strong liquidity: 179% modified US liquidity coverage ratio
 - Well capitalized: 12.47% CET1 ratio
 - Declared \$0.26 / share dividend

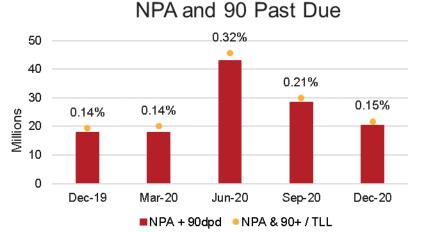

- (1) Comparisons to Q3 2020
- (2) ROATA and ROATCE are non GAAP financial measures. A reconciliation of average tangible assets and average tangible stockholders' equity to the comparable GAAP measurements is provided in the appendix of this slide presentation.
- (3) Declared on January 20, 2021. Payable March 5, 2021 to shareholders of record at close of business on February 22, 2021.

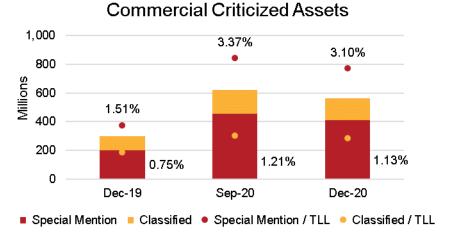

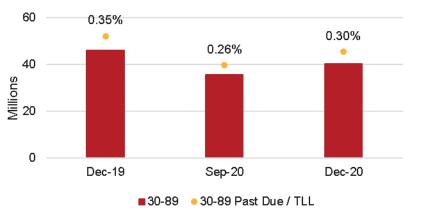

Provision and NCO

• 90 past due comprised of accruing loans

30-89 Past Due

· 30-89 past due comprised of accruing and non-accruing loans

ALLOWANCE FOR CREDIT LOSS

PROVISION INCREASED DUE TO CONTINUED UNCERTAINTY

Q4 provisions reflect a weak but unchanged economic view with relatively few changes in the risk composition of the portfolio.

We continue to hold a qualitative overlay for loans based on default expectations not imbedded in the model.

Q4 ACL increased by \$12.6 million to \$208.5 million. The reserve for unfunded commitments increased by \$6 million to \$30.6 million.

Q4 ACL / Total Loans and Leases is 1.57% of all loans and 1.67% net of PPP loans.

GAAP TO NON-GAAP RECONCILIATIONS

We present net interest income, noninterest income, noninterest expense, efficiency ratio, net income, basic and diluted earnings per share and the related ratios described below, on an adjusted, or "core," basis, each a non-GAAP financial measure. These core measures exclude from the corresponding GAAP measure the impact of certain items that we do not believe are representative of our financial results. We believe that the presentation of these non-GAAP financial measures helps identify underlying trends in our business from period to period that could otherwise be distorted by the effect of certain expenses, gains and other items included in our operating results. We believe that these core measures provide useful information about our operating results and enhance the overall understanding of our past performance and future performance. Investors should consider our performance and financial condition as reported under GAAP and all other relevant information when assessing our performance or financial condition.

Core efficiency ratio, core return on average total assets and core return on average total stockholders' equity are non-GAAP financial measures. We compute our core efficiency ratio as the ratio of core noninterest expense to the sum of core net interest income and core noninterest income. We compute our core return on average total assets as the ratio of core net income to average total assets. We compute our core return on average total stockholders' equity as the ratio of core net income to average total assets. We compute our core return on average total stockholders' equity as the ratio of core net income to average total assets.

Return on average tangible stockholders' equity, core return on average tangible stockholders' equity, return on average tangible assets, core return on average tangible assets and tangible assets and tangible assets and tangible book value per share are non-GAAP financial measures. We compute our return on average tangible stockholders' equity as the ratio of net income to average tangible stockholders' equity, which is calculated by subtracting (and thereby effectively excluding) amounts related to the effect of goodwill from our average total stockholders' equity. We compute our core return on average tangible stockholders' equity, which is calculated by subtracting (and thereby effectively excluding) amounts related to the effect of goodwill from our average total stockholders' equity. We compute our core return on average tangible assets, which is calculated by subtracting (and thereby effectively excluding) amounts related to the effect of goodwill from our average tangible assets, equity. We compute our return on average tangible assets. We compute our return on average tangible assets as the ratio of net income to average tangible assets, equity which is calculated by subtracting (and thereby effectively excluding) amounts related to the effect of goodwill from our average tangible assets. We compute our return on average tangible assets as the ratio of core net income to average tangible assets. We compute our average tangible assets. We compute our core return on average tangible assets as the ratio of core net income to average tangible assets. We compute our average tangible assets as the ratio of average tangible stockholders' equity to average tangible assets as the ratio of average tangible book value per share as the ratio of tangible stockholders' equity to outstanding shares. We believe that these measurements are useful for investors, regulators, management and others to evaluate financial performance and capital adequacy relative to other financial institutions. Although these non-GAAP finan

The following tables provide a reconciliation of these non-GAAP financial measures with their most directly comparable GAAP measures.

1) Costs associated with the sale of stock for the three and twelve months ended December 31, 2020 and 2019 related to changes in the valuation of the funding swap entered into with the buyer of our Visa Class B restricted sales in 2016.

2) One-time items for the three and twelve months ended December 31, 2019 included losses on our funding swap as a result of a 2019 decrease in the conversion rate of our Visa Class B restricted shares sold in 2016. One-time items for the twelve months ended December 31, 2019 also included costs related to a nonrecurring payment for a former executive of the Company pursuant to the Bank's Executive Change-in-Control Retention Plan and nonrecurring offering costs.

3) Represents the adjustments to net income, tax effected at the Company's effective tax rate for the respective period.
